

TRANSITION YEAR

2024 - 2025

Tulow Community School

To nurture the wellbeing of all so that they may grow in knowledge conscience and compassion

WHAT IS TRANSITION YEAR?

*“Transition Year is a one year school based programme between Junior and Senior Cycle . It is designed to act as a bridge between the two by facilitating the smooth transition from the more **dependant learning** of the Junior Cycle to the more **independent self-directed learning** required for the Senior Cycle”*

WHY DO TRANSITION YEAR?

- Provides students with the opportunity to develop their **individual gifts** and **strengths**.
- Promotes the **holistic development** of our students by building confidence, self-esteem, independence and maturity. It encourages both personal and social development.
- They experience a year where the emphasis is on **individual responsibility** for study and self directed work. They develop as an independent and self motivated learner.
- Provides a year free of exam pressure where the TY programme is **learning led** rather than exam led.
- They prepare for the adult world through **work experience** (*If possible*) and **workplace certification**.
- Participate in a **variety of subjects, workshops & activities**. It gives the student the opportunity to do most of the subjects available for the Leaving Certificate, thus helping them to make an informed choice.

TRANSITION YEAR PROGRAMME

The TY programme is divided into four sections that run simultaneously.

- 1. Core Subjects
- 2. Subject Sampling (TY's experience most Leaving Cert subjects.)
- 3. Transition Year Specific Modules & Workshops
- 4. Calendar of Activities & Events

TY PROGRAMME:

I. CORE SUBJECTS

- English
- Irish
- Maths
- Religion

- P.E.
- Pastoral Care
- Career Guidance

TY PROGRAMME:

2. SUBJECT SAMPLING & MODULES *(WHERE POSSIBLE)*

- **Active Schools**
- **Art** & Junk Kouture
- Business & Accounting/Enterprise
- Computer Applications
- Computer Science (Coding)
- **Construction/Woodwork**
- Design Communications Graphic (DCG)
- **Driver Theory**
- Engineering/Robotics
- History
- Geography
- Politics & Society
- **Public Speaking**
- French
- German
- Music
- **Agricultural Science** & Biology
- Chemistry
- Physics

TY's supporting Tullow C.S. Science Festival, building a Green House from plastic bottles & presenting at the 'One Good Idea' Competition

TY PROGRAMME:

3. SPECIFIC MODULES & WORKSHOPS *(IF POSSIBLE)*

- Active Schools
- Enterprise/Mini-Company
- Junk Kouture
- Gaisce & Headstrong
- School Bank & SVP
- Dave's Jungle Workshop
- Film Workshop
- Breast Cancer Awareness Talk
- CPR 4 Schools Workshop
- Drumming Workshop
- Early Drive Course: Mondello
- Garda Talk on Safer Socialising
- Work Experience
- Workplace Certification
- Law Workshop/Dublin Criminal Court
- Newspaper Reporting
- Interview Skills Workshop
- Hairdressing Workshop
- Self Defence Workshop
- Enamelling Workshop
- School Musical & others...

Saving the environment one straw at a time!

By Michael Tracey

MEET the four girls from Tullow Community School who are saving the world one straw at a time. Michelle Murray, Danah O'Brien, Megan Doyle and Ellie Byrne are transition year students who founded their mini-company 'The Last Straw' with the help of their business teacher Brian Larkin. The girls' aim is to help the environment by selling stainless steel reusable straws.

It all started in the early weeks of September, when the girls were sitting in enterprise class brainstorming ideas for a mini-company.

The environment was a topic they could not ignore, with Greta Thunberg blowing up all over the media. They wanted to help save the environment through their company.

With the environment on its last straw, the girls were determined to make an impact by effecting a simple change to everyday life. They started by approaching five local primary schools with market research. From there, the girls sourced their products and began selling them in the local primary schools, which was a great success.

The students soon realised their business could progress further, so they approached John Byrne, owner of McDonald's outlets in Carlow town, Tynwald, Wexford and two in Blanchardstown. John was very supportive of the idea and agreed to allow the girls use his McDonald's restaurants as a

Asiling Maloney of RTÉ with Tullow Community School's Ellie Byrne, Meagan Doyle, Michelle Murray and Danah O'Brien

platform to sell their stainless steel straws.

The girls also negotiated with Richard Quinn, manager of Supermac's Tullow, who also agreed to come on board with the selling of their 'straws'. The girls also sold their products at several Christmas markets, including those in Carlow town and Duckett's Grove as well as the Kildride Eco Christmas Market.

On Monday 6 December, KCLR aired an item on 'The Last Straw'. The girls discussed their business from the beginning to the present and their plans for the future. They then talked about how far they would like their company to go. The girls are passionate about the environment and would like to continue their contribution to saving it one straw at a time into their future.

Making people more environmentally aware is very important and the girls so following their appearance on radio the four also featured on live television on Wednesday 16 January on RTÉ's 'News2Day' presented by Asiling Maloney.

Asiling was so kind and made the experience of being on national television so much easier for the girls.

The girls say they are extremely grateful for the opportunities to showcase their product and the experiences they have had so far.

GAISCE THE PRESIDENT'S AWARD

What's it all about?

It works on the basis of a personal challenge set by you. You will set the challenge and agree it with a President's Award leader. You won't be competing with other participants, as each challenge is completely individual... so the only person you will compete with is yourself...!

GAISCE THE PRESIDENT'S AWARD

One of the most valuable elements of our Transition Year programme is the challenge of the Gaisce - President's Award. It is a challenge from the President of Ireland, to you... the nation's future, to dream big and realise your potential. **It is a self-development programme for young people** which has been proven to enhance confidence and wellbeing through participation in personal, physical & community challenges.

Links to Carlingford Gaisce Trip in May.

Please see TY Handbook for more details.

TY Headstrong Team/Committee

Headstrong is a post-primary programme run by 'Cycle Against Suicide', a national mental health awareness charity. It is a positive and whole school approach that aims to:

- Support mental health education
- Reduce stigma
- Promote resilience
- Foster a sense of belonging among young people

Ms. Gray's TY 2020-2021 Headstrong Team/Committee

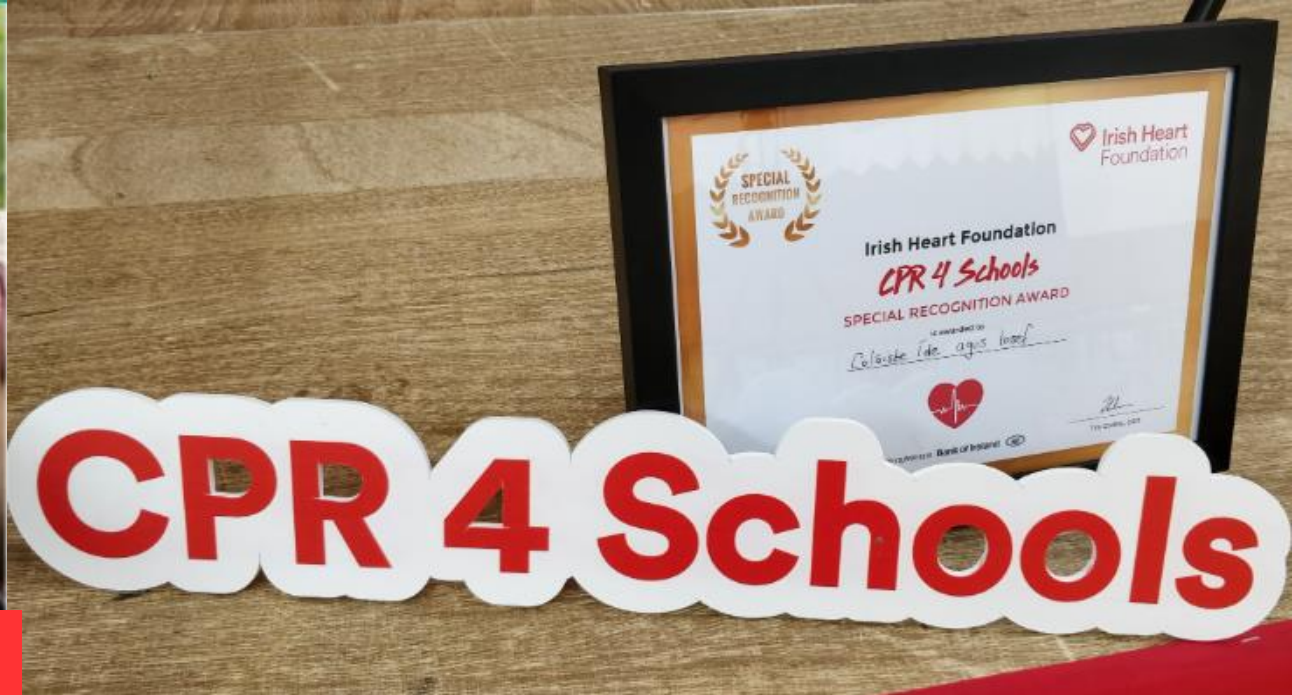

All students are encouraged to engage with the lessons and initiatives delivered by the TY Headstrong Committee as well as the charity days and the **Darkness Into Light** walk which takes place every May, a walk done in solidarity with those affected by suicide.

TY's learning fun scientific facts about wildlife.

WHAT IS EXPECTED OF A TY STUDENT

- To see TY as an opportunity to try new experiences, make new friends & learn new skills.
- To be motivated & participate fully in all activities.
- To be present for every class as per time table.
- To attend all class modules, workshops, activities & talks.
- To follow the school rules & regulations at all times.

WHY DO TRANSITION YEAR?

- The Department guidelines for Transition Year states as its mission:

"to promote the personal, social and vocational development of pupils and to prepare them for their role as autonomous, participative and responsible members of society".

- What a student gets out of TY depends hugely on the **attitude** he/she takes to it in the first place. If you are **open-minded** you are more likely to see and grasp the opportunities. It is an opportunity to try new activities, new subjects, attempt things you have never had the opportunity to do in your academic life before.
- Through this, students become **stronger in themselves**, their **confidence grows**, their ability to **work as part of a team** is developed, along with their **social and personal skills**. Transition Year is a year-long programme and your **level of engagement** is your **reward**.

HOW TO APPLY FOR TRANSITION YEAR

**COMPLETE & SUBMIT THE
TY APPLICATION FORM**

**ATTEND & COMPLETE THE
TY INTERVIEW**
