

Internet Acceptable Use Policy

The aim of this Acceptable Use Policy (AUP) is to ensure that pupils will benefit from learning opportunities offered by the school's Internet resources in a safe and effective manner. Internet use and access is considered a school resource and privilege. Therefore, if the school AUP is not adhered to this privilege will be withdrawn and appropriate sanctions – as outlined in the AUP – will be imposed. This policy applies to all ICT equipment which is school property or which is accessed within the school.

It is envisaged that the Schools Development Planning Committee and the ICT Department will revise the AUP annually.

This version of the AUP was created in January 2014 and reviewed in June 2018.
